SALE INFORMATION

Directions: Lucrana Selling Complex is located at 3087 Riverton Rd, Texas Qld

Inspections: Open Day July 31st - 10am – 2pm. Refreshments provided.
OR by prior arrangement.

Agents Rebate: 2% outside agents rebate is offered to agents introducing buyers 24hrs prior to the sale and settling on their behalf within 7 days

Catering: Barbecue lunch and refreshments provided.

Phone Bidding: The selling complex is located in a reliable Mobile coverage area. Contact the selling agents to place a phone bid.

Delivery: An offer of free delivery to major saleyards in QLD and Northern NSW (on delivery routes for other Sale Lots) is extended to all successful purchasers. This service is to be negotiated between the vendor and purchaser and is provided at the convenience of Lucrana Simmentals.

Own Transport Rebate: A rebate of \$150+GST will be deducted off the purchase price of any Lot if the purchaser takes delivery on the day of the sale in their own transport, or a carrier organised and paid for by themselves.

Bull Preparation: Grazing an Oats crop from late May prior to which they were supplemented with Ridley Stud Pro pellets in the paddock.

Handling: The bulls have been worked with bikes and dogs and also exposed to horses.

Transfers: Please indicate on the Buyers Instruction Slip if a ASBA registered animal is required to be transferred.

Safety Disclaimer: The owners, employees and representatives of Lucrana accept no liability for any accidents that may occur at the Lucrana Sale Complex. Persons attending the Lucrana Sale do so at their own risk.

Please bring this catalogue to the sale

Welcome to Lucrana Simmentals 15th Annual Sale

2026 is a monumental year for the stud in that it marks 40 years of breeding for Lucrana. And it is with much pride and satisfaction that we reflect on the development of the Lucrana herd over that time, and also on the stud's achievements and impact on the industry.

As always our focus is on the future, which brings us to this year's sale draft of commercially orientated and sensibly prepared bulls.

Although we have recorded some rain recently the season throughout 2026 at Texas has been incredibly tough, with only 150mm of rain recorded for the past 7 months from December to June. However with the benefit of irrigation we were fortunate to establish some early oats, and all the 2yr old bulls will be presented for sale off crop.

This year's draft features a larger than normal run of solid red bulls. Predominately sired by first season sire Tycoba Trooper, I believe the Reds offer great flexibility in terms of breeding options and market flexibility. Also included are a very impressive draft of Polled - Traditional, Black and Red Autumn drop yearlings.

I thoroughly recommend this year's sale draft to all prospective purchasers, and look forward to catching up on sale day. For those that cant make it on the day, the sale will also be livestreamed on StockLive.

An Open Day will also be held on Friday July 31 for presale viewings.

For further enquiries please contact myself or the selling agents.

Andrew Moore

Steps To Register

Using your chosen device visit www.stocklive.com.au

Click **BID** located next to the sale you wish to participate in.

New Users

To create an account click **REGISTER**. Fill in your details, then click **CREATE BIDDER REGISTRATION**.

You will receive an email prompting you to confirm your account, create a password, accept Bidder Account T&C's & Privacy Policy.

Congratulations! Your StockLive account has been created.

Existing Users

LOGIN & find sale you wish to bid on, click **Request to bid** tick the box & click **Confirm Accept Terms**.

On Sale Day

Visit www.stocklive.com.au, when the sale is flashing **LIVE**, click **BID** to watch, listen & purchase.

Invoicing and delivery will be carried out as per your registration & account details by the respective selling agents.

POLLED CONDITION EXPLAINED

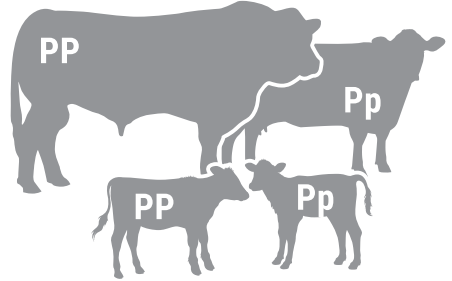

Here are some examples of breeding for the polled condition. Keep in mind that each parent passes one-half of its genetic makeup on to its offspring. (The genes causing scurred calves are not considered in these examples).

1. HOMOZYGOUS POLLED SIRE (PP) & HOMOZYGOUS POLLED DAM (PP)

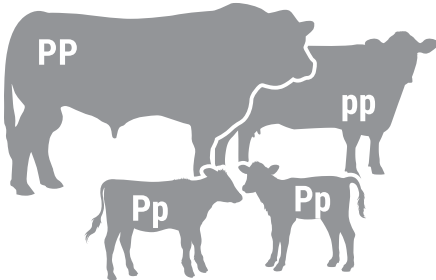

All calves will be 100% homozygous polled (PP)

2. HOMOZYGOUS POLLED SIRE (PP) & HETEROZYGOUS POLLED DAM (Pp)

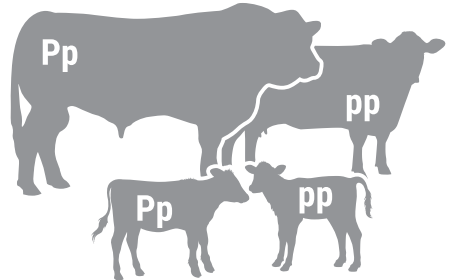

Calves will be 50% homozygous polled (PP) and 50% heterozygous polled (Pp)

3. HOMOZYGOUS POLLED SIRE (PP) & HORNED DAM (pp)

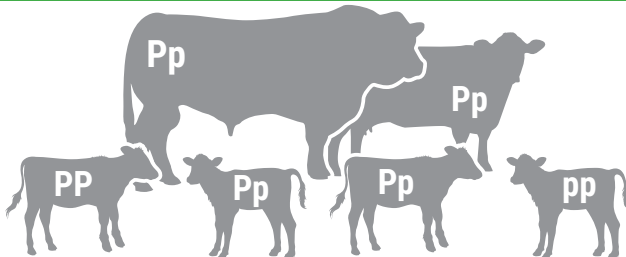

All calves will be 100% heterozygous polled (Pp)

4. HETEROZYGOUS POLLED SIRE (Pp) & HORNED DAM (pp)

Calves will be 50% heterozygous polled (Pp) and 50% horned (pp)

5. HETEROZYGOUS POLLED SIRE (Pp) & HETEROZYGOUS POLLED DAM (Pp)

Calves will be 25% homozygous polled (PP), 50% heterozygous polled (Pp) and 25% horned (pp). (NOTE that even though the horned calves resulted from mating two polled animals, they are genetically the same as if they were from horned parents.)

DOCILITY SCORE

You will notice in this years catalogue all Lots have a Docility Score

WHAT IS THIS?

Each time the bulls have come through the crush since weaning, they have been scored for Docility using the following scale:

1. Docile
2. Restless
3. Nervous
4. Flighty
5. Aggressive

The score in the catalogue is an average of these past scores.

WHY HAVE WE DONE THIS?

We are continually striving to provide as much as objective data as possible so our buyers can make better informed decisions.

Assessing the temperament of individual Lots on sale day can sometimes be misleading. And we also understand that producers have differing requirements on what is an acceptable level of docility.

NOTE

This score relates directly to the animal.

This differs from Breedplan Docility EBV's that are an estimate of the genetic potential of the animal for that trait by additionally taking into account the performance of relatives as well as the individual's score.

VET

All bulls have had a Breeding Soundness Evaluation and Semen Test, including Sperm Morphology. Results available on supplementary sheet.

HERD HEALTH

The Lucrana herd is JBAS 7 and in a Cattle Tick Free area. Interstate movement of cattle is guaranteed.

Vaccinations:

Tick Fever

BEF

Vibriovax

Pestigard

7 in 1 – twice as weaners + Booster: 5/06/26

DNA TESTS

All Lots Poll/Horn and Colour Tested. Lots that are Sire Verified are noted SV.
